In the event of an officially declared emergency caused by flood, storm, or other extreme environmental condition or by any type condition officially determined or declared by Federal, State or Local Authority or which can be characterized as extreme or hazardous by a reasonable and prudent judgment, Management officials, after consultation with the representative of the employee organization affected, will determine the severity of the condition and will consult with the Manager Post Office Operations or District Manager, as appropriate, as soon as possible to review the necessity of curtailing or terminating Postal Operations.

Item 4 Local Leave Program

If requested, up to 14% of employees in each bid unit will be granted annual leave during the choice period, with the exception of weeks beginning with the second full week of December and ending with the week that includes December 31st. During this period, annual leave will be granted to 8% of the employees, if requested. Any fractions will be rounded to the nearest whole number. There shall be no less than one (1) opening per week on each of the annual leave rosters.

D. Vacations will begin on Monday, continuous through Sunday.

F. Bidding will be verified by the use of PS Form 3971 completed in duplicate by employee for each leave period being bid, and the signed, dated and approved duplicate returned to the employee as soon as possible.

G. Bids will be awarded within the units described above based on seniority in the Aurora Post Office. **There will be two rounds of bidding during the choice vacation period. Bidders may elect to split weeks once in the first round.**

The first day of incidental leave bidding will be done by seniority.

SRK

In the event that jury duty falls during an employee's scheduled leave and the court refuses the employee's and management request for postponement, management will grant another leave period, provided this does not deprive any other employee of their bids for scheduled vacation.

Delegates to State, Regional and National Conventions (Assemblies) will be given the time off and the time will not be charged to the leave board. Management will be notified, as soon as possible, of the names and stations of the employees that will be attending the Conventions (Assemblies).

No trading of vacations will be permitted.

Vacated bid leave will be posted for bid within 72 hours in accordance with the established posting procedures as set forth in this agreement and the National Agreement within the leave bidding unit where vacated. Bids will be awarded within the unit in the following order of priority:

1. The senior bidder of those employees junior to the employee who vacated the bid leave.
2. The senior bidder of all employees within the unit.
3. Reverted leave must be in writing submitted to the Local APWU President and the Postmaster, or their designee, for approval at least 14 days prior to the start of the leave. Less than 14 days notice will be accepted only in cases of emergency or illness. Vacated bid leave will only be posted for bid when at least 14 days notice has been given. Only full weeks of reverted or vacated leave will be posted for bid.
4. Full weeks of bid will take preference over partial weeks.

Incidental leave will be granted to 11% (rounding rules apply) and will include annual leave and LWOP (LWOP is subject to administrative discretion per ELM 514.51).

1. Requests for unbid annual leave must be submitted no later than 4:30 PM on the Monday of the week immediately preceding the service week for which leave is requested.
2. Requests must be submitted on a signed and dated PS Form 3971. Upon receipt, the supervisor will sign, date and note the time. It is the employee's responsibility to assure the supervisor notes the right time and to obtain a copy. Management will grant incidental leave requests on a first-come basis and seniority will be utilized if more than one employee submits a request at the same time.
3. Management will approve or disapprove incidental annual leave requests and notify the employee within a reasonable amount of time. In most cases, the request will be approved or disapproved the same day, but no later than the next scheduled work day, or it will be considered approved.
4. Management has the authority to deny annual leave requests when the requesting employee already has approved annual leave equal to the employee's leave availability. Note: Employees might have to revert a previously approved period of annual leave in order for management to grant an incidental leave request if the employee does not have sufficient annual leave to cover both periods.

Clerks listed in 2A above performing overtime work within their section, shall be considered unavailable.

C. CSBCS, bid holders with senior mail processor duties on their duty assignment will comprise a separate section in any station that CSBCS's may be installed.

3. Maintenance overtime desired lists shall be installation-wide by craft. Seniority will be determined by length of service in the Maintenance Craft within the installation.

Overtime Provisions

The quarterly "Overtime Desired" list shall be posted with two columns so that an employee can volunteer for incidental overtime (this includes before and/or after tour overtime), and/or full tour overtime.

Employees converted to regular shall be allowed five (5) working days to place their name on the bottom of the current "Overtime Desired" list.

Employees on leave during the entire soliciting period of the "Overtime Desired" list shall be given the opportunity to sign the "Overtime Desired" list within five (5) calendar days upon their return to duty, by the end of their tour on the fifth day. After notifying the union and management, the employee will be considered available for overtime the following day.

Pool-relief clerks on the "Overtime Desired" list at the Main Office, when covering a duty assignment at another station, shall be eligible to work overtime at that station. When Pool-Relief employees are assigned to cover at a station they will remain in the rotation at the Main Office; however, if the employee is required to work overtime at the station they will be determined to be unavailable for overtime at the Main Office. If the voluntary "Overtime Desired" list does not provide sufficient qualified people in a station that is covered by a Pool-Relief employee, the Pool-Relief employee may be selected for overtime at that station.

After the "Overtime Desired" list is posted, no employee will be permitted to add his or her name to the list except as specified in this agreement. Employees may be permitted to take their names off the list, but having done so, must remain off the list for the remainder of the current quarter. The employee must notify his or her supervisor and union representative in writing of their desire to be removed from the ODL. The effective date of the removal will be no more than 24 hours after the supervisor is given written notification, providing the employee has not been previously scheduled for overtime.

If for any reason the negotiated sections are no longer applicable for the assignment of overtime work, the Union and the employer shall meet to update the sections.

Item 15 Light Duty Assignments

Light duty assignments will be assigned on an as needed basis providing the assignment does not infringe upon a bid position of a full-time regular employee.

Item 18 Assignments Compromising A Section

A section will be comprised of a station.

Item 19 Employee Parking Spaces

A joint parking committee will be established consisting of one representative from APWU, one representative from NALC, and one representative from Management. Each committee member will have an equal vote. Any available employee parking spaces will be determined at the station level by both Unions and Management. Should any dispute arise, the parking committee will be called upon to resolve the problem.

Item 21 Craft Provisions

1. The addition or deletion of a scheme.
2. A change of duties of 50% or more.
3. A change in the assignment station.

D. The length of posting of duty assignments shall be ten (10) days.

E. The successful bidder must be placed in the new duty assignment within fourteen (14) days, except when, after consultation between Management and the Union, the period may be extended up to twenty one (21) days from the day of posting of the successful bidder.

F. Normally, the successful bidder shall work the duty assignment as posted and shall not be displaced by a junior employee. This does not prohibit the Employer from assigning other employees to work the assignment for training purposes.
